

LOAN VALUES OF POOL TOBACCO IS FIXED

Advances Up to \$26 Per Hundred To Be Made—Graders Named For Districts

Announcement of the loan values on the various grades of burley tobacco, as fixed by Louisville bankers in connection with tobacco experts of that city some time ago, was announced Wednesday by Director of Warehouses Ralph M. Barker at a meeting of the warehouse managers and their associates in the hall room of the Phoenix Hotel and at which every warehouse in the district except two were represented. In the case of the two the managers were J. Vernon Leer attended from Richmond.

The loan values on each hundred pounds, as announced by Director Barker, are the amount that will be advanced to growers on the delivery of their crops to the association warehouses. These values range from \$1 a hundred for the poorest grade of flyings to \$25 a hundred for cigarette wrapper.

The loan values by grades follow:

A-1, \$16; A-2, \$12; A-3, \$10.50; A-4, \$7; A-5, \$6; A-6, \$2.50; A-7, \$1.
B-1, \$18; B-2, \$14.50; B-3, \$10; B-4, \$7; B-5, \$4.50; B-6, \$3.50; B-7, \$2.50.
C-1, \$22; C-2, \$16; C-3, \$15; C-4, \$12; C-5, \$8; C-6, \$4; C-7, \$2.50.
D-1, \$20; D-2, \$18; D-3, \$14; D-4, \$11; D-5, \$6; D-6, \$4; D-7, \$2.50.
E-1, \$14; E-2, \$11; E-3, \$9; E-4, \$7; E-5, \$5; E-6, \$3; E-7, \$2.
F-1, \$7; F-2, \$6; F-3, \$5; F-4, \$2.50.
F-5, \$1; F-6, \$1.
G-1, \$5; G-2, \$3; G-3, \$3; G-4, \$3; G-5, \$1.50.
H-1, \$2; H-2, \$2; H-3, \$2; H-4, \$2; H-5, \$2; H-6, \$2; H-7, \$2.
I-1, \$2; I-2, \$2; I-3, \$2; I-4, \$2; I-5, \$2; I-6, \$2; I-7, \$2.

Every warehouse was given a number and later the same thing was done in connection with the grading process.

The warehouses were instructed not to mix the 1920 crop with that of 1921, but to receive it, grade it and keep it separate.

It was made plain that houses were not to send baskets from one house to another. If hogsheads are needed, Director Barker said, they will be supplied the grower at cost, the expense to be returned to him when he returns the hogshead. Needed supplies are to be bought by warehousemen from their local dealers. All baskets are to be numbered.

Director Barker made it plain that the managers are to be in charge of their houses, but instructed them to see that no men who had tobacco and refused to pool it are given employment with the association. "He said he felt that the association should employ only the men who helped to make it a success. He cautioned the warehousemen to be courteous and patient with all growers and assured them that they had no 'soft snap'."

"You're employed by these farmers," he said, "and I want you to reflect, when you are tempted to get fresh with one of them, that you're getting fresh with your boss."

President Stone, at the meeting of graders, announced the appointment of graders in this section:

Central District—Winchester, J. P. Steele; Frankfort, Charles Nuckols; Morris King; Harrodsburg, John Jesse; Cynthia, James Dudley; Jas. Monroe; Ollie Antle; Danville, M. C. Saunders; Paris, Kenney Nichols; C. S. Patterson; Richmond, Fred Stucky; Lancaster, J. R. Blanks; Whitney Dunlap.

Northern District, No. 2—Falmouth, T. D. Buckley; William Best; Williamstown, J. T. Vallandigham; R. S. French; Dry Ridge, J. A. Wentworth; Walton, H. T. Calvert; F. N. Hill; Glencoe, George Reed; Owenton, John Evans; Sanders, Victor Quisenberry; Mt. Olivet, Hunter Lindsay.

Lexington District—Lexington, Maxwell Street, Thurston Stevenson; Frank Wells; O. C. Lloyd; R. J. Sidwell; J. R. Insko; S. A. Parker; Luther Humphrey; Eugene Wells; Marion Landerback.

Lexington District—Maxwell Street, S. A. Parker; Shelburne, No. 1, J. C. Ellis; Headley, No. 1, Frank Wells; Growers, O. O.

MASONIC GRAND SECRETARY SUCCEDES

Masons all over Kentucky and the South will grieve to learn of the death of Grand Secretary Dave Jackson, which occurred in Louisville Wednesday. He was to have been the honor candidate at an initiation into the Shriner's at his old home at London Friday. A dispatch from Louisville told of his death as follows: Dave Jackson, Sr., 65 years old, grand secretary of the Grand Lodge of Masons of Kentucky, died tonight at a hospital a few minutes after he suffered a stroke of apoplexy. He was on a street car on his way to a meeting of the directors of the Masonic Widows and Orphans' Home when he was stricken.

Surviving Mr. Jackson are his widow, Mrs. Kate Mahan Jackson; three sons, Dave Jackson, Jr., of Louisville; Walter M. Jackson, of Selma, Ala.; and Charles R. Jackson, of Dallas, Texas; a daughter, Mrs. C. L. Overstreet, of Enderlin, N. D., and a brother, W. S. Jackson, of London.

Paragraph C, Section 18, says that "in any action upon the marketing agreement it shall be conclusively presumed that a landowner or landlord or lessor is able to control the delivery of tobacco produced on his land by tenants or others." That clause of the co-operative law was intended to enforce Paragraph A, Section 13, of the marketing agreement, which says that "the agreement shall be binding upon the grower as long as he produces tobacco directly or indirectly, or has the legal right to exercise any control of any commercial tobacco or any interest therein as a producer or landlord during the term of the contract."

Neither the co-operative marketing law nor the contract will be construed as meaning that in all cases landlords this year are expected to control the delivery of the tobacco of their tenants. It is presumed that at the time the contracts were signed most landlords had contracts for the year 1921 with their tenants to the effect that the tenants should control the sale of one-half of the tobacco. But Section 13 of the marketing agreement and Paragraph C, Section 18, of the marketing law will apply in all cases beginning in 1922.

Landlords, in making new contracts with their tenants, therefore, should keep in mind these two provisions and write their contracts with their tenants in a way that will enable them to sell all of the tobacco themselves and divide the proceeds with their tenants.

Paragraph B, Section 18, of the new law, provides that "in the event of any breach or threatened breach of the marketing contract by a member, the association shall be entitled to an injunction to prevent a further breach of the contract and to a decree of specific performance."

The law further states that in any such action, liquidated damages shall be enforced as such, and that they shall not be regarded as penalties. This last clause explaining the application of the term "liquidated damages," is intended to enforce Section 18 of the marketing agreement, which provides that in case a suit is brought against a member to enforce the provisions of the contract, such member will pay liquidated damages to the association to the extent of five cents per pound on all tobacco which he may have sold prior to the granting of an injunction by the court.

Further, the contract states that "if the association brings any action whatsoever by reason of a breach or threatened breach, the grower agrees to pay to the association all costs of court, costs for bonds and otherwise, expenses of travel and all expenses arising out of or caused by the litigation, and any reasonable attorney's fee expended or incurred by it in such proceedings."

Consequently, if a grower breaks his contract, he cannot escape by merely paying five cents per pound as liquidated damages, but must pay, in addition, all costs of court, including a reasonable attorney's fee.

WILLIAM WALLACE TO HOLD HIS SEAT

Senate Committee Decides Young Republican Has Residence in Richmond

Frankfort, Ky., Jan. 26.—Wm. Wallace, republican, of Richmond will retain his seat in the Kentucky Senate as the duly elected Senator from the 29th district, and J. H. Johnson, republican, of Breathitt county, will be unseated by Bryce Cundiff, democrat, Jackson, as the Representative from the Breathitt-Lee district, if the Senate and House adopt reports to be made Thursday by the committees investigating the contests.

Senator Frank E. Daugherty said Wednesday night that the Senate Committee will report unanimously in favor of Wallace, over the defeated democratic candidate, R. C. Oldham, also of Richmond.

On the first count, that Senator Wallace had not established a legal residence in the district, the committee report says that Mr. Wallace had established both a legal and an actual residence in Richmond. On the second count, the committee held that the fact that Mr. Wallace had been judge advocate general did not disqualify him.

The vote of the special House committee investigating the Breathitt-Lee contest was 5 to 3 to unseat Johnson. The vote was taken strictly on party lines. Chairman H. C. Duffy said that the report is based on precincts mentioned in the contest brief. Any one of the three or four precincts, if thrown out, would unseat Mr. Johnson. Representative Duffy declared.

Anti-Lynching Bill Enemies Are R-ute: (By Associated Press)

Washington, Jan. 26.—Opponents of the Dyer anti-lynching bill were routed in the House today when they attempted to have the bill killed by eliminating the enacting clause. Representative Summers, democrat, of Tennessee moved to strike out the enacting clause which lost 139 to 100. Ten republicans voted with the democrats in the affirmative.

Iowa Not Burning Much Corn: (By Associated Press)

Ames, Iowa, Jan. 26.—Iowa farmers are not burning corn this winter, except to a very small extent. For the greater part, such corn as has been burned has been moldy or inferior corn, not suitable for feeding or marketing, and that has always been done, more or less. It is the judgment of men who are in close touch with the situation that neither the supply of corn in Iowa nor the market price has been appreciably affected by the very limited corn burning in the state.

Connally Wants Mexico Situation Investigated: (By Associated Press)

Washington, Jan. 26.—A Congressional investigation of charges that an extensive campaign of propaganda has been waged both in the United States and Mexico by agents of certain American oil interests for the purpose of discrediting the present government of Mexico and preventing its recognition by the United States is called for today in a resolution introduced by Representative Connally, democrat, of Texas.

Wants More Money For Jurors: (By Associated Press)

Frankfort, Ky., Jan. 26.—Jurors will receive \$3 a day for every ordinary day of duty and one dollar additional for each night they are kept together, under a bill introduced in the House of Representatives by Representative Chandler. The measure also provides that jurors in courts inferior to the Circuit Court shall receive fifty cents for each case in which they sit.

The bill provides that the unsuccessful party in actions in the circuit court shall pay a jury fee of four dollars and that in other courts the jury shall be paid by the party demanding it.

COX HITS NAIL ON THE HEAD AGAIN

Dayton, Ohio, Jan. 26.—James M. Cox, democratic candidate for President in 1920, and former governor of Ohio, last night told democrats gathered here at a Jackson Day banquet that their party stands just where it did "when the votes were counted," and is "ready for the next fight."

Public opinion, he declared, has "steadily borne the destiny of America nearer each day to the seat of the League of Nations at Geneva."

In his first public address since the campaign of 1920, Mr. Cox assailed the policies of the present administration, condemned the work of the Washington armament conference and declared that America had refused to accept world leadership and that financial depression was due to the "treachery of Lodgeism." Thousands of republicans, he declared, now realize that the leaders of party in the making of policy "have profaned republican history by forsaking the soul of Abraham Lincoln for the spleen of Henry Cabot Lodge."

\$5,000 Damages For Deaths Of Two Judges in Accident

Damages of \$5,000 each were awarded to the estates of Judge W. A. Young, of Morehead, Rowan county, and Judge Harlan Sexton, of Menifee county, both of whom were killed in 1919, when the automobile in which they were riding was struck by a Chesapeake and Ohio freight train in Fayette, by a jury in federal court at Lexington Wednesday. Judge Ed C. O'Keefe and Bridges White were attorneys for the estates, while Hunt, Northcutt and Bush were counsel for the railroad company.

Warning Against New Religion Is Sounded

Louisville, Jan. 26.—Warning against certain conditions within the church and against the rising of the "new religion" was sounded by the Rt. Rev. Charles E. Woodcock, bishop of the Episcopal Diocese of Kentucky, at the opening session of the diocese's 94th annual convention here. "Many changes are afoot in the present day world," the bishop declared in his address, "and we seem to have come to the crossroads in civilization and Christianity."

BANK LOANS GROW TO BURLEY POOLERS

(By Associated Press)

Lexington, Jan. 26.—Additions to the bank loans in the Burley Tobacco Growers' Cooperative Association today made a total of \$5,354,000. This insures participation to the extent of the \$10,000,000 requested by the Association and apparently it makes certain the financing of the 1921 crop.

MELLON STILL OPPOSES ANY SOLDIER BONUS

Washington, Jan. 26.—Imposition of taxes upon necessities as a means of raising funds for payment of the soldier bonus is considered inadvisable by Secretary Mellon, it was indicated at the Treasury today in discussion of the bonus question. The belief was expressed that any additional taxes upon such necessities as tea, coffee, or sugar would be impractical. Some attention was given to the possibility of further taxation upon tobacco but the Treasury is understood to believe this commodity is almost within the lossary classification. Meanwhile, Secretary Mellon's opposition to any bonus at all is apparently unchanged.

VIRGIL GAINES' HOME SOLD FOR \$10,000

The Freeman Realty company sold this week for Virgil M. Gaines, his handsome two-story house on Sunset avenue, to Dr. N. A. Bailey, of Valley View. The price is understood to have been \$10,000. Dr. Bailey will get possession on March 1st, and will move here to make his home, it is said. Mr. Gaines and family plan to go to Taylorsville, Spencer county, where he owns a large farm, it is understood.

JUNIOR CLUBS HAVE DONE FINE WORK

Lexington, Ky., Jan. 26.—Farm boys and girls who were members of junior agricultural clubs in Kentucky in 1921, and who completed the year's report on their work, produced products valued at \$167,203.17, according to a final report which has just been made by C. W. Buckler, state leader of junior agricultural club work at the College of Agriculture.

Of the total number enrolled, 5,650 were farm girls who carried on canning and sewing projects. Three thousand six hundred and eighteen of these reported the production of \$15,347 worth of canned or dried products.

Poultry proved to be the most popular project, according to the report, 4,628 youngsters having been engaged in raising a flock of chickens. Of this number 2,930 reported the production of products worth \$5,100.

Of the 20 or more projects outlined for the children, corn growing proved to be the one which produced products of the highest total value. Of the 1,947 who were enrolled in this project, 1,133 reported the production of corn worth \$3,534.52, according to the report.

Pig growing was second in the list of projects producing the highest valued products, 875 members reporting the production of \$29,721.82 worth of pork. A total of 1,662 were enrolled in this project.

Dairying was third with respect to the value of products. One hundred and seventy-six members of the 275 enrolled in this project reported products valued at \$18,323.50. The pig fattening project was the fourth one which resulted in the production of products valued at more than \$10,000. Eleven hundred members reporting under this project showed the production of products having a total value of \$17,691.28.

Other projects conducted during the year by junior farmers and home makers of the state included sow and litter, sheep, beef cattle fattening, beef cattle growing, cow and calf, dairy cow and calf, potatoes, sweet potatoes, cauliflower, and a number of miscellaneous ones.

BENEDICT RESTS WITH THE FATHERS

Funeral Of Pope Held At Rome Thursday Amidst Solemn and Impressive Ceremony

(By Associated Press)

Rome, Jan. 26.—Pope Benedict was entombed with solemn ceremony this afternoon. The body, enclosed in three caskets, and dressed in the pontifical robes, lies in a crypt under the great basilica of St. Peter's to the right of the entrance.

The historical ritual was witnessed only by members of the pontifical household, the papal nobility and diplomats accredited to the Vatican.

Sonorous music, imposing guards in gorgeous uniforms and others in array of medieval times, high churchmen in flowing robes and bearing torches, marked the procession of the cortege with the body from the chapel to another, where the solemn ceremony of dissolution took place and finally the cypress coffin on which the body rested, was sealed and placed in a lead casket and both were deposited in a hardwood casket, both being sealed. The casket then was transferred to the crypt, the last dissolution given and Benedict XV was left to rest beneath the flagstones which are trod by thousands of pilgrims annually.

\$75,000 MORE IN LOANS FOR FARMERS

Additional loans to the farmers of Madison county to the amount of about \$75,000 have been approved by the Federal Land Bank of Louisville, according to news received here by L. W. Dunbar, secretary of the Madison Association. Blank applications have been filled out and sent in and word has come that applications to about the amount named above have been approved. This will be good news to many as the loans are for long terms and at low interest, and will put a lot of money into circulation in this community.

MULLINS SAYS PIETY BAPTIST PREACHERS

Louisville, Ky., Jan. 26.—That the "recent discussion in the public press of an insufficient supply of preachers in all denominations is not true of the Southern Baptists," was asserted today by the Rev. Dr. E. Y. Mullins, president of the Southern Baptist Theological Seminary.

The seminary Dr. Mullins heads this semester, has enrolled the largest number of Bible students ever to be gathered in one such school in one term, he said. The enrollment for the spring term of 1922 is 601 students. The average in all similar institutions of all denominations, he said, was approximately 75 to 80 students.

Dr. Mullins declined to express opinion as to why the number of young men entering the ministry has declined in recent years. The Baptist seminary is one of the oldest schools of its kind in the United States, it is said, and numbers among its graduates men who have become famous as ministers and in other walks of life.
